In order to provide you with the best possible care, we need the most up-to-date information about you. Please remember to bring your insurance card and a list of all medications you are taking.

Prescription Refills

For your convenience, refill requests for medications other than controlled drugs may be requested through your pharmacy, and your pharmacy will submit the request to us. Medication refill requests should be made during normal business hours. We require 48 hours to process refill requests. We are not able to provide medication requests after hours.

Please remember that in most situations, appropriate medical care requires a patient examination before a prescription can be filled.

Telephone Calls

Have a question? That's why we are here! Feel free to call us Monday through Friday. Our staff will make every effort to answer your call. If all of our staff are assisting patients and you receive voicemail, please leave your name, date of birth, two telephone numbers where you may be reached, and a brief description of your medical problem so that we may process your call promptly.

Since our physicians are caring for patients, only in the event of an urgent medical situation will the physician be called to the telephone immediately.

Referrals

If your physician has referred you to a specialist, we request a 48-hour notice for processing referrals, except for emergencies.

Medical Records

Your records are confidential and will not be released without a signed consent from you.

Emergencies

For emergencies, our physicians are available to you 24 hours a day. You can call our main office number (804) 769-3096, and after hours you will be transferred to our on-call physician service. ***If at any time you are experiencing a life-threatening emergency, call 911.***

Insurance & Payment Information
