I. Policy (High Concept)

BSMH is committed to providing education to patients and guarantors as it relates to billing and collections of payment for services rendered.

II. Purpose (Three Key Messages)

In the light of its mission to improve the health of its communities, with special emphasis on the poor and underserved, and in the spirit of the healing ministry of Jesus, Bon Secours Mercy Health is committed to providing education to patients and guarantors as it relates to billing and collections of payment for services rendered. Payment on accounts will be pursued consistently, regardless of race, age, gender, ethnic background, national origin, citizenship, primary language, religion, education, employment or student status, disposition, relationship, insurance coverage, community standing, or any other discriminatory differentiating factor.

Every guarantor will be given reasonable time and communication to be aware of and understand their financial responsibility. The guarantor will be held financially responsible for services actually provided and adequately documented. Understanding each guarantor’s insurance coverage is the responsibility of the guarantor. Any self-pay liability secondary to insurance coverage is defined by the guarantor’s insurance coverage and benefit design. BSMH relies on the explanation of benefits and other information from the guarantor and the insurance carrier for eligibility, adjudication of the claim, and patient responsibility determinations.

III. Scope (Populations to which the policy applies)

This Billing and Collections policy applies to the following BSMH Urgent Care Facilities. The Billing and Collections Policy applies to BSMH Urgent Care Facilities in the United States of America (“USA”) and does not include any Urgent Care facilities located outside of the USA:

Cincinnati

- Mercy Health Cincinnati urgent care locations

Kentucky

- Mercy Health Kentucky urgent care locations

Richmond

IV. Policy Details (Supporting Points)

Policy:

It is the policy of the BSMH Urgent Care Facilities that payment is due when services are rendered. Amounts due at time of service (co-pays, open balances, full self-pay amounts, and other amounts known at registration) are collected by registration before and after consultation. Patients will be asked to provide a credit card or debit card “on file” for subsequent automatic billing.

Following the visit, a statement of urgent care services is sent to the patient/guarantor in incremental billing cycles, comprised of text message/email and/or paper statements. In cases when the patient has no insurance coverage, that is a self-pay patient, the statement is sent after services are rendered. In most cases when patients have coverage through an insurance carrier, the statements are sent after the services have been rendered, claim is submitted, and claim has been adjudicated by the insurance carrier. There are some cases, for example, when there is a stop in the adjudication of a claim due to the patient needing to provide additional information, where a statement will be sent to the patient and/or guarantor prior to claim processing.

BSMH Urgent Care Facility representatives and/or their designees may attempt to contact the patient/guarantor (via telephone or text, mail, or email) during the statement billing cycle in order to pursue collections. Collection efforts are documented on the patient’s account.

Statement Cycle:

The statement cycle will be measured from the first statement sent to the patient (date sent) and include the following:

- Subsequent statements sent to the patient/guarantor in 30 day increments to derive at the statement process:
 - 1st – Date of first billing
 - 2nd – 30 Days post
 - 3rd – 60 Days post – Issue Final Notice
 - 4th – 30 Days following the issuance of the Final Notice – Submission to Collection Agency

Extraordinary Collection Actions (ECAs):

It is the policy of BSMH Urgent Care Facilities not to engage in any ECAs.

Efforts to Determine UC HFA Eligibility:

BSMH Urgent Care Facilities will not allow patients to submit an HFA application following the date of service. All UC HFA applications must be approved prior to or applied for at the time of service pursuant to the UC HFA. Approved applications will be honored for a period of 180 days from the initial date of service and are not applied retrospectively to prior dates of service in which the application period has expired.

Miscellaneous Provisions:

- **Anti-Abuse Rule** – BSMH will not base its determination that an individual is not UC HFA- eligible on information that BSMH has reason to believe is unreliable or incorrect or on information obtained from the individual under duress or through the use of coercive practices.

- **Final Authority for Determining UC HFA Eligibility** – Final authority for determining that BSMH has made reasonable efforts to determine whether an individual is UC HFA-eligible rests with the Urgent Care Patient Financial Services Department.

- **Agreements with Other Parties** – If BSMH Urgent Care Facilities sell or refer an individual’s debt related to care to another party, BSMH Urgent Care Facilities will enter into a legally binding written agreement with the party that is reasonably designed to ensure that no ECAs are taken to obtain payment for the care for UC HFA-eligible individuals.

- **Providing Documents Electronically** – BSMH may provide any written notice or communication described in this policy electronically (for example, by email or text) to any individual who indicates he or she prefers to receive the written notice or communication electronically.
